

BIO AliA

Driven by an intense love for electronic music in all its shapes AliA is without a doubt one of the most promising deejays from Belgium. Being only 22 years old she has a surprisingly thorough knowledge of club music and a mixing technique many envy. At this point in her early career AliA is already heavily supported by selectors Mr. Scruff, Carista and Lefto. She's a resident at Belgium's finest HORST Festival and a regular at the infamous C12 club in Brussels. Her past gigs include festivals like Worldwide Festival (Leysin, CH), Dimensions (Pula, HR), Lowlands (Biddinghuizen, NL), Listen! Festival (Brussels, BE) and many more...
